

FY22 Pricing for Keck Imaging Facility

TEM

- FEI Technai Spirit transmission electron microscope (TEM)
 - Training provided and billed by the Koch Nanomaterials Technology core (NanoTech)

Tier one systems

- Andor Reolution spinning disk confocal and TIRF
- RPI spinning disk confocal
- Zeiss LSM 700 laser scanning confocal
- Zeiss LSM 710 laser scanning confocal
- Zeiss Lightsheet Z.1
- Zeiss LSM 980 with Airy Scan

Tier two systems

- Cytiva DeltaVision
- Nikon Ti LTTL
- Zeiss AxioPlan2

Tier 3 systems

- Leica cryostat

Rate groups:

- Internal = Whitehead & MIT
- External Academic = all academic institutions not listed as internal
- External Commercial = commercial or for-profit institutions

Tier	Internal		External Academic		External Commercial	
	Training	Use	Training	Use	Training	Use
TEM	Via NanoTech	\$65/hour	Via NanoTech	\$130/hour	Via NanoTech	\$260/hour
1	\$70/person	\$50/hour	\$150/person	\$115/hour	\$300/person	\$150/hour
2	\$40/person	\$20/hour	\$100/person	\$35/hour	\$200/person	\$80/hour
3	Contact Cassandra	\$15/hour	Not available	\$25/hour	Not available	\$50/hour

For questions about rates and access, please contact Cassandra Rogers crogers@wi.mit.edu.

For questions about the billing system, please contact the help link at the bottom of cores.wi.mit.edu.
